DL-EASTLAND has been producing pine cat litter for 15 years, with a monthly capacity of 20,000 tons.

Recognized by dealers and cat families, our products have been sold to more than 30 countries including the United States, Canada, Brazil, Colombia, Indonesia, Vietnam, Saudi Arabia, Bahrain, Egypt, South Korea and so on.

## **Customized production**

As the best pine cat litter, our products are made from 100% Nature pure pine wood, without dust.

According to the requirements of customers to produce products packaging: 4kg, 8kg, 25kg.

## Feature :

①

Clean. Cleaner indoor hygiene allows cats to avoid breathing dust.

②

Tight particles, compared with the natural environment, not stick claw, not stick to the body

③

Strong deodorization, strong taste absorption. Plant liquid gas decomposition deodorization method, has been absorbed odor molecules decomposition, to avoid odor molecules volatile again.

④

It has strong antibacterial properties. Flush the toilet directly for easy cleaning
